

WICShopper App and WIC Card

If you have a WIC Card, you can register it to your WICShopper app. When the card is added to the app, the app offers:

- Up-to-date WIC food benefit balances
- Notifications when benefits are about to expire
- Ability to scan food items and know:
 - Is this a WIC allowed item?
 - Can I purchase this with my current WIC food benefit balance?
- Cereal and produce calculators to help keep track of benefits

Steps	
<p>1. Register your card:</p> <p>The app usually asks you if you want to register a card.</p> <p>a. Enter your WIC Card number on the first line.</p> <p>b. Re-enter your card number on the second line to confirm it's correct.</p> <p>c. Select Register Card.</p>	
<p>If the app doesn't ask you about card registration:</p> <p>a. Select the three lines at the top of the app.</p> <p>b. Select My Cards.</p>

Note:

- If you already have a card registered, it will show on this screen.
- If no card, the screen will be blank.

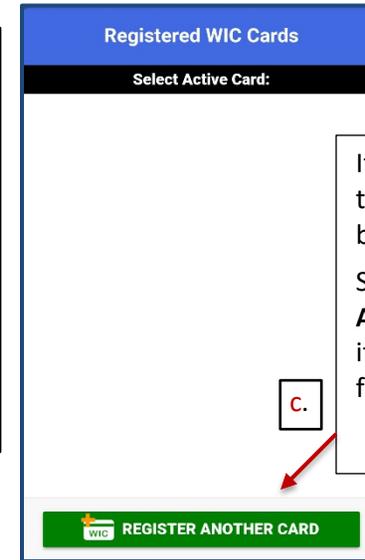

c. Select **Register Another Card**.

Complete **step one** above to register.

If you already have a card registered, you will see it here.

If no longer using this card, delete it (select trash can). Register a new card by selecting **Register Another Card**.

If no card registered, the screen will be blank.

Select **Register Another Card** even if you are registering for the first time.

2. Select My Benefits:

a. Select **My Benefits**.

b. See Dates

- First date and last date to spend benefits.
- Updated on = last time benefits were updated on the app.

Select the  refresh icon to update.

c. View Future Benefits.

First date and last date to spend benefits

If given more than 1 month of benefits you can view those here.

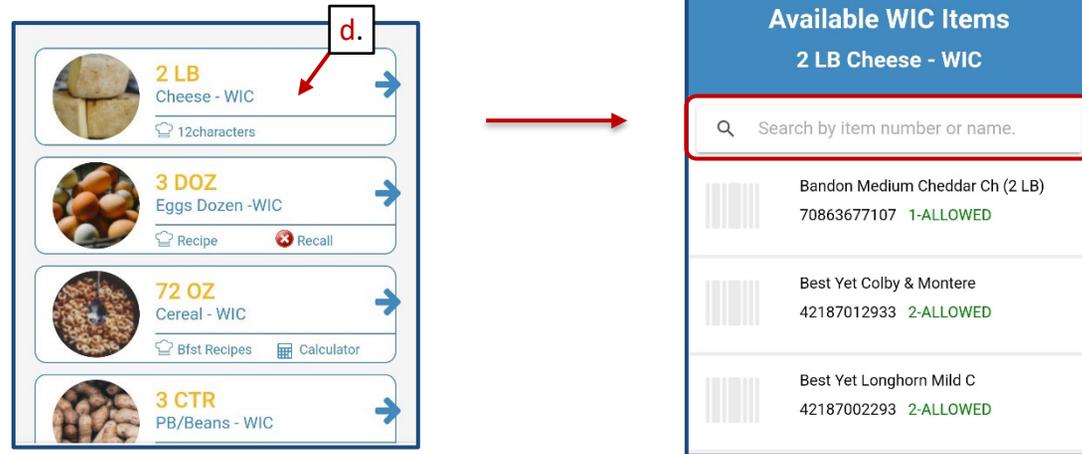

- ✓ The app will update your balance on a regular basis.
- ✓ Select refresh if you want it to update now.
- ✓ Make sure you give the app 20 minutes after a purchase to reflect that purchase.

d. Search Foods:

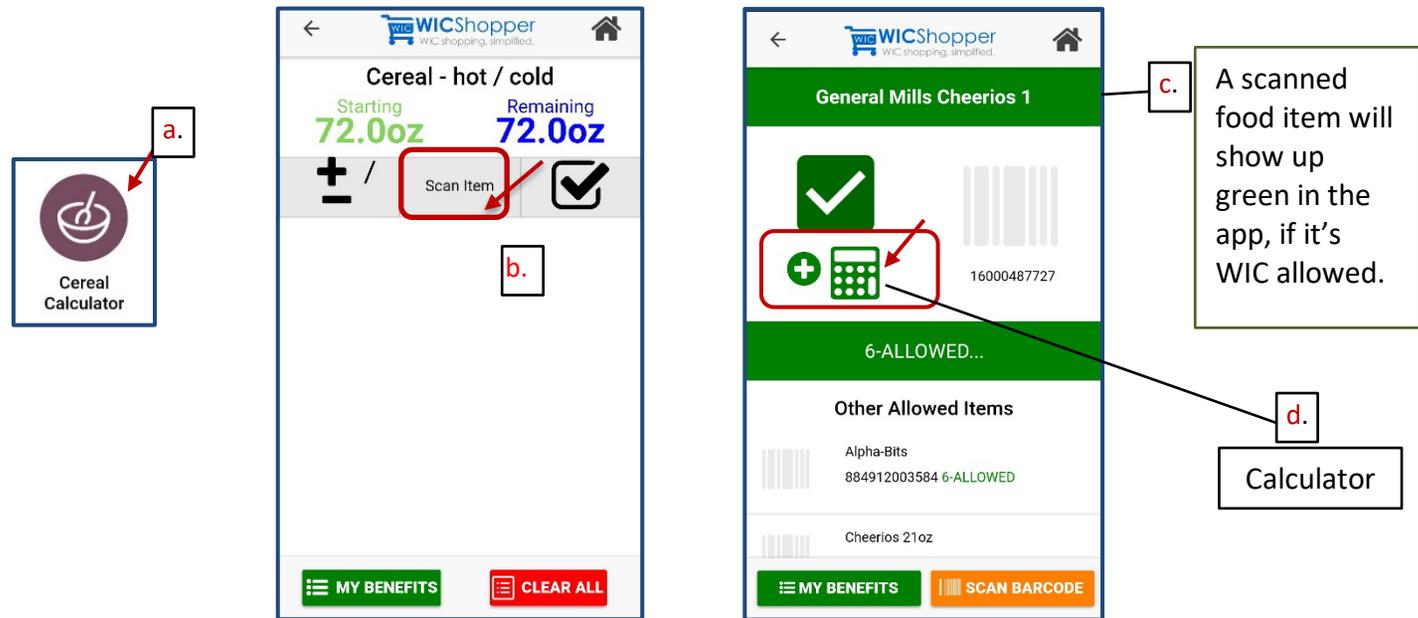

- Select any food category in your food benefits list.
- A new window opens up. Here you can search the food category to see if a specific brand is allowed.

3. Cereal Calculator:

This calculator helps track the number of ounces from each box of cereal before you buy cereal. This way you don't accidentally go over your benefit amount.

- Select Cereal **Calculator**.
- Select **Scan Item**.
- Scan** the barcode on a box of cereal.
 - **Green** = Allowed
 - **Red** = Not a WIC Item
- Select the **calculator icon**.

Note:

- **Starting** = your current WIC cereal balance.
- Cereal you scanned appears in the list.
- The app subtracts the total number of ounces for each cereal on the list and provides a remaining balance in **Remaining**.

4. Produce Calculator:

The app can't scan fresh fruits and vegetables since each store uses different codes to track those items.

Instead, use the calculator to track \$ amounts.

- Select **Produce Calculator**.
- Select **Add Item**.
- Enter fruit or vegetable pricing and amount.
- Select **Add Item**.
- Item appears on list.
- **Remaining balance** updates.
